Claim 1:

Claim 3:

Deleted

Claims 4 and 8:

Line 1, delete "3", insert --1--.

Claims 10 and 11:

Authorization for this examiner's amendment was given in a telephone interview with S. Peter Ludwig on July 10, 2006.

Allowable Subject Matter

2. Claims 1-25 are allowable.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The closest prior art is to Eldering (US Patent 6,298,348). Eldering discloses a consumer profiling system which can profile the consumer, provide access to the consumer profile in a secure manner. However, Eldering does not teach comparing the consumer's self-perceived consumption behavior profile with the consumer's actual behavior derived consumption profile, to identify consistencies and inconsistencies, and attributing a weighting to the consistencies and inconsistencies existing between the consumer's self-perceived consumption behavior profile with the consumer's actual behavior derived consumption profile as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
